

Love children

A job with accommodation, meals, pocket money, funded study option, return airfares and chance to travel around the USA, Au Pair in America is a fun, inexpensive working holiday. "I love the fact I experience a new culture and see new places. Being involved in the lives of three young children and seeing them grow and develop everyday, knowing that I am a part of that change, is the reason I love my job," says Alexa. The standard Au Pair in America Program includes airfares, insurance, 4-day orientation costs \$1,150. AuPairInAmerica.com.au
