

Hi, we are the O'Donnell family!

We are an outgoing, relaxed family who love sports, particularly Australian football.

My name is Lee and I am a single mum who works as a marketing manager. I work at home 2 days a week and the other three days about 40 minutes from our home.

My daughter and son, Gabby, 8 and Tyler, 7 both go to our local school. Gabby loves animals and desperately wants a dog – maybe next year! She is kind hearted but can sometimes fight with her brother. She goes to ballet once a week and swimming lessons after school.

Tyler is a little shy at first but he is excited about having an au pair come to live with us. He loves AFL, 'Australian football' and plays one a week with our local team. He has training on Wednesday evenings.

Our schedule normally would require you to help Tyler and Gabby ready each day and take them both to school. In the afternoon I would like you to pick them both up each day at 3pm and take them to their activities on their allotted days. They both have homework so this always needs to be done although generally it is no more than half an hour.

As we live near the beach there is lots to do after homework is finished; beach walks, frisbee or even a swim together at the sea pool. Every fortnight they spend the weekend with their father and are picked up at 5pm. You will need to have them ready with their clothes.

I am looking for an au pair who wants to be part of our family, will enjoy laughter and all the craziness of the O'Donnell family. I hope you will provide both Gabby and Tyler with a caring environment and continue to help them learn and experience new things.

I believe we can offer you a wonderful experience with an Australian and a loving home.

I look forward to hearing from you.

Warm wishes

Lee O'Donnell
